FAMILY MATTERS

Expert and Sympathetic Legal Advice at a Fixed Price

Family breakdown is rarely straightforward and often highly emotional. There are a lot of issues that need to be dealt with, including care arrangements for children and separation of finances, at a time when emotions are raw and relationships strained.

We understand what you are going through and are here to help. We acknowledge however that it can be an expensive process. You will have heard the horror stories of divorce costing thousands of pounds.

We want to ensure that does not happen to you. We understand that our clients like to know exactly how much things will cost before they proceed. This is especially true in divorce cases which are likely to be stressful enough without the additional worry of legal costs. We are therefore pleased to offer a range of fixed fee services.

FIXED FEE DIVORCE

We will guide you through the divorce process

and prepare all documents required to obtain a final Decree Absolute, for a fixed fee of £600 excluding VAT and Court fees (currently £550).

The following work is not covered in the fixed fee:

Work arising if the Petition is defended or has to be changed once it has been issued by the Court

- Cost of obtaining a replacement Marriage Certificate if you have lost the original
- Advice regarding financial issues
- Advice regarding children

5. Finally, do not forget to make a Will. If you are not married, and die without a Will your Estate will automatically pass to any children that you may have or, if you have no children, to your parents and/or siblings and wider family. Your partner will have no interest in your Estate which may not be your wish. Only if your partner was financially dependent upon you at the time of your death could they make a claim against your Estate but this would be a lengthy and often costly process.
